M LAMEI - Recently, as a result of
some unforeseeable hours, I fell
behind on my work. Realizing that I
needed to get caught up quickly, I decid-
ed to employ a time-management tech-
nique even recommended by efficiency experts
everywhere: I went to the horse races.
I went with a veteran journalist, Dick
Evans, one of the select few people in
newspaper history ever to have simultane-
ously held the positions of Bowling
Green and Religion Editor. Needless to
say, he was known as the Daily Worker. "I
did this column, called 'A Stranger Comes

phenomenally trained as
thunderboltly shaped horse
die. And you just never k-

Talking Pen

Talking pen technology

Principle of optical scanning

Book content
Optical scanning

Decode and sound

master chip

Decode the 2-D Codes and invoke the file effectively, read out or display the Videos & Songs while pointing.

Optical scanning head

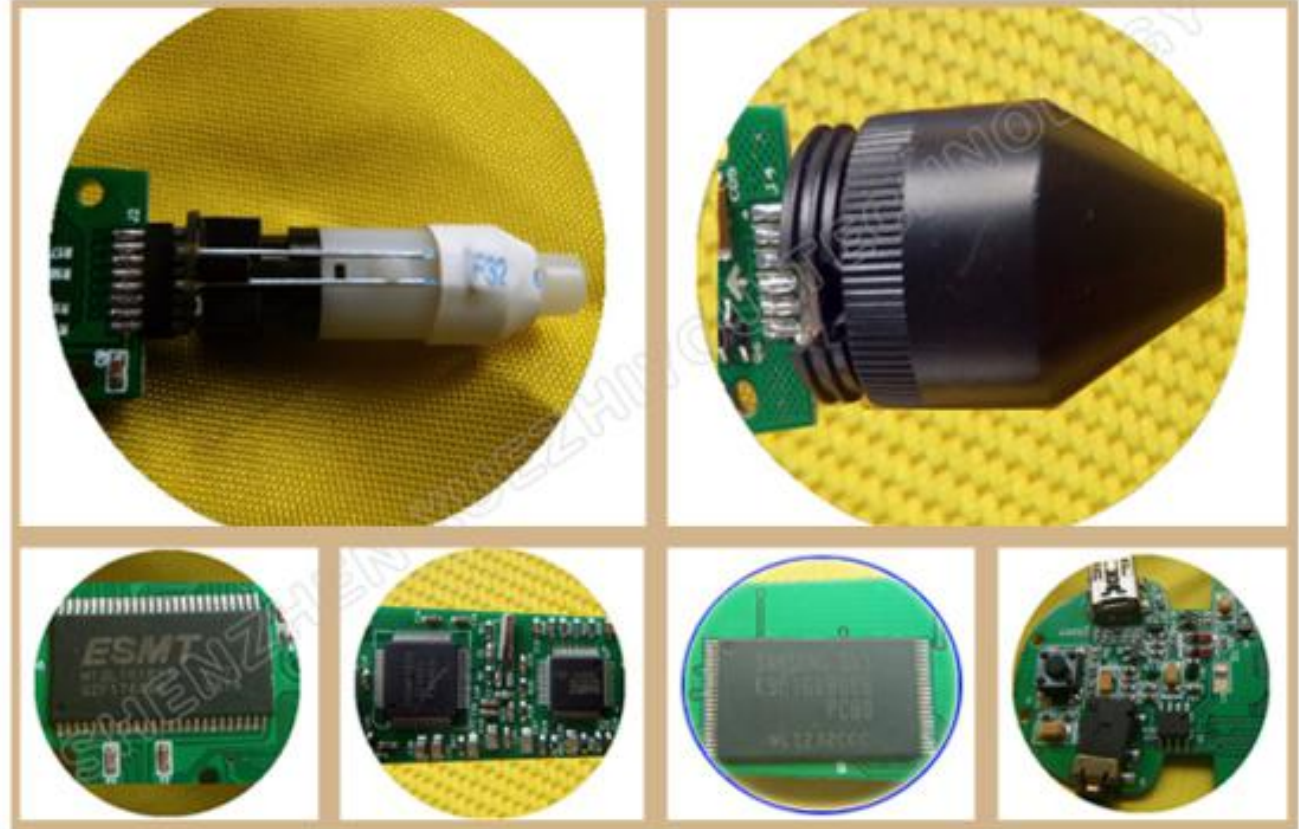

Also known as OI, scanning precisely the 2-D Codes of the ispeak Books.

2-D Code technique

the edit of 2-D Codes, comply the sounds and the Images into 2-D Codes and printing on the books, thus for pointing to read.

Presswork

**Digital
handwriting pen**

Functions

- Paper and screen synchronization
- One-click recording
- Colors optional of Handwriting
- Offline storage and one-click share
- Handwriting thickness optional
- OCR for more apps
- Exact original handwriting transmission

Main technology

Dual infrared laser irradiation

Built-in dual infrared sensor, supports outdoor writing, even under sunlight.

Original handwriting restoration algorithm

Improve writing fluency and restore the writing process automatically.

Cap-pulling technology

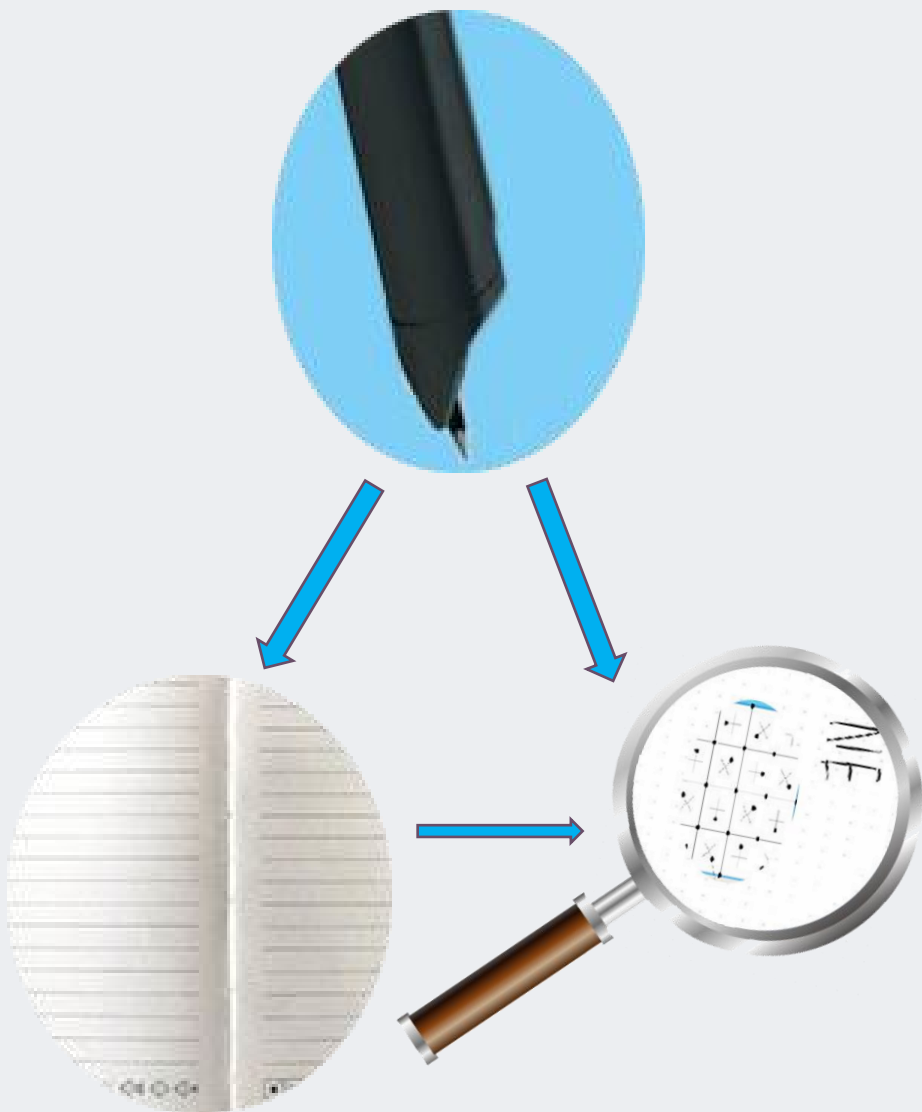

Exclusive cap-pulling power-on technology, no need to wait for writing

Dot matrix technology

Accurately track the handwriting; 2048 levels pressure sensitivity; 240/s reading speed.

Advanced Technology

- Exclusive cap-pulling power-on technology;
- Handwriting, recording synchronization technology;
- Dot matrix technology: 280 trillion for option with endless using.
- Handwriting playback technology;
- High speed: Maximum to 240FPS
- 360° Any pen-holding posture for writing without dead ends
- Offline store thousands of A4 paper writing data;
- Bluetooth transmission: fast and stable;
- International standard ballpoint pen refill, replace freely;

A magic pen focusing on intelligent business and education

Normal application with handwriting and synch transmsion for smart notes.
